

Book Donation Policy

Warner Library welcomes donations of books and audiovisual material. Warner Library and the Friends of the Warner Library will review all material donated and determine whether it should be added to the collection, used in the Friends' book sale or discarded.

We can use:

Recent and popular fiction and nonfiction in good condition.

Current medical, science, business or computer books.

Art and cookbooks are particularly desirable.

Music CDs and LP records in good condition.

DVD, videotapes and audio books on CD.

We do not want:

Reader's Digest Condensed Books

Textbooks

Cassette tapes of any kind

Please put donated books into boxes. Place them on the table inside at the side entrance of the Library during open hours. Receipts are available at the Adult circulation desk. Receipts give only the number of items donated and **not** a dollar amount of the estimated value.

Thank you for your donations.
